Welcome to Elkhorn Equestrian Center! We are so excited that you have chosen our facility for your horses' new home. Elkhorn Equestrian Center has been in business since May of 2006 and has had continuous growth with the facility and clientele every year. We take great pride in the maintenance and care of the horses as much as our property. We offer several Trainers to choose from at different discipline levels. Our Trainers have several years experience in English, Western and Reining Disciplines. If you are looking for a trainer to ride your horse on a weekly basis, we offer that as well.

The daily grain that is included in your board is Strategy with Outlast. We also carry several other Purina products you may be interested at an extra cost depending on the performance you need for your horse. We have included a list of the products and prices in this packet for you. Your hay source at EEC is Broam grass and Alfalfa hay.

Our horses if stalled are hand walked to their pastures for several hours of playtime. Mares and Geldings have separate pastures for everyone's safety. Our horses are fed at 7:00 a.m. and 7:00 p.m. every day.

Our turn out schedule is Monday thru Saturday depending on the time of year and weather conditions. We do not turn out on pastures on Sunday for a day of rest, however; we have individual dry lots you may use if you choose to do Sunday turn out. We ask that you never leave the facility when doing Sunday turnout for there are other people wanting to use them and ask that you use these area's no longer than 30 minutes if other clientele is here to use.

We offer a variety of working areas for you and your horse(s), including:

- 2 outside arenas, 75'x125' and 150'x 300'
- 70'x 70' Indoor Arena & 100'x 200' Inside Heated Arena.
- 3 large round pens,
- ¾ mile race track
- 68 stalls for long term clients with sizes ranging from (12'x12', 10'x12', & 11'x14') and 23 stalls for events so we don't have to turn client horses out during shows.

The following vaccines are required in order to board at EEC;

- *Flu & Rhino (Spring & Fall)
- *Tetanus
- *Rabies
- *WEE,VEE, EEE, and West Nile
- *Strangles

As well as worming 3x a year.

We are very careful about the horses that come into our facility by requiring the following before boarding can take place:

- Boarding Application must be completed and approved by Elkhorn Equestrian Center.
- Covenant Not To Sue Form sign by Client
- Release of Wavier of Liability signed.
- Current Vet records and copy of registration for you horse. (If not registered then copy of bill of sale).
- Contract for boarding (12months, or month to month,)
- Break away halter for turn-out

Please provide these items other than the break away halter before your horse is arriving to our facility. Once they arrive, if traveling across state lines they will be put in a quarantine barn for 10 days before going to their assigned stall and will receive individual turn out during this time of quarantine.

Our goal is to maintain a friendly environment that you and your horse(s) will grow to love. We are committed to making your experience here unforgettable. We look forward to working with you and growing together!

Kellie Dimitroff

WHAT'S INCLUDED AND WHAT'S NOT

Feeding:

EEC will provide up to 6 lbs. of Strategy per day per horse, and up to 6 flakes of grass hay/alfalfa hay per day equaling 18-20 lbs. of hay per day. Supplements will be provided by individual owners but can and will be administered by EEC at P.M. feedings. These feeding recommendations do not fit every horses needs so we will access upon arrival. If more is needed than the daily recommended amount by Veterinarians and Purina, there may be additional charges.

We also include various needs for your horse, daily turn out Monday thru Saturday, fly mask on & off, boot wraps on & off, removing leg wraps if needed before turn-out. We also do the De-Wormer in the spring, late summer and fall. The trainers can work with you on these additional needs and cost prior to setting up.

Additional charges for feeding:

EEC will be happy to feed your horse/horses additional hay or grain at an additional cost to you that can be billed monthly to your boarding invoice:

Hay: grass or alfalfa: \$1.00 per additional flake

Grain: Strategy \$1.00 per extra pound per day. Other products we carry are also at an additional cost if you choose to have this added to your monthly board cost.

Turn Out:

It is the belief of EEC that all horses need a time outside their stalls if not being trained. We turn out 6 days a week, weather permitted. Horses **MUST** be able to be turned out unless you are coming to work them every day except on bad weather days and Sundays. Clients are allowed to turn their own horse out on Sunday in designated dry lot areas **ONLY** for a maximum 30 minute time period. Please do not leave the property while they are out. Sunday is a time of rest for our pastures as well as our staff so no stall cleaning or turn out by our staff on this day, however we provide muck buckets if you feel the need to pick your stall on Sunday.

Additional charges for extra services provided by EEC:

- Putting on and taking off blankets, \$5.00 per horse per time.
- Administering medications: i.e. de-wormer, bute, antibiotics, topical ointments for cuts, calming meds: \$15 per med plus the cost of the medications
- Hosing leg injuries: \$25.00 per hosing
- Holding horse/horses for farrier or vet: \$25
- Fly mask or boots \$25.00 per month per item
- Emergency vet handling: \$25 per hr
- Quarterly worming included and administered by EEC at \$15.00
